

# **CORONAVIRUS TRUTH BOMBS** **KNOWLEDGE IS POWER!**

## **YOUR IMMUNE SYSTEM ROCKS!**

The immune system does a good job of destroying this virus: there is low risk to almost all adults and children (CDC).

### **Survival Rates:**

- Age 0-19 99.997%
- Age 20-49 99.98%
- Age 50-69 99.5%
- Age 70+ 94.6%

(High risk individuals: people with chronic inflammatory conditions)

**CDC is counting Pneumonia and Influenza as Covid-19 Deaths**  
**They quietly created a new mortality category. "PIC." Death data is**  
**being falsified.**

### **Total Influenza Deaths in Enter Your State:**

- 2018-2019 ##
- 2019-2020 ##
- 2020-2021 ##

### **Enter Your County County Deaths in 2020**

- ## Drug overdoses
- ## Falls
- ## Motor Vehicle Accident
- ## Accidents
- ## Suicides
- ## Covid-Associated Deaths

## **LOOK AT THE NUMBERS!**

- 94% of recorded Covid-19 deaths are due to other medical conditions.(CDC)
- Of the ## Covid-19 deaths in Your County County (in 2020) only ## would have died of Covid-19
- ## of those ## deaths would be Covid-19 associated or from other medical causes.

- Nasal swab (PCR) and blood tests for the virus give many false positives. (CDC). The machines used in the nasal swab test are being referred to as “Create-a-Pandemic Machines,” as they are too sensitive and detect virus fragments, rather than active cases. The blood test produces up to 50% false positives.
- Increasing case numbers is a good thing! It means that the virus is working its way through the population and we’re closer to developing herd immunity.
- **CASE NUMBERS DO NOT MEAN DEATHS!**

## **MASKS AND LOCKDOWNS ARE INEFFECTIVE!**

- Face coverings, social Distancing, and lockdowns are based on **FAKE SCIENCE!**
- These practices are ineffective and may actually increase the spread of this virus!
- We must have exposure to every day germs to maintain a healthy population of normal flora.
- Studies that support mask wearing are unscientific!
- Re-using masks has the potential to cause infection.
- Wearing masks causes you to touch your face more frequently, which can spread disease.
- Being masked all day lowers your intake of oxygen and may lead to carbon dioxide toxicity and or hypoxia, hypoxemia and hypercapnia.
- SARS-CoV-2 is 120-125 nanometers in diameter; the average pore size of surgical masks is 19,290 nanometers. **Chances of the surgical mask stopping the virus is about the same as a barn door opening stopping a bumblebee**

## **HOW IS COVID-19 TRANSMITTED?**

- It spreads person to person, close contact.
- It spreads through aerosol droplets- airborne transmission
- It transmits when you don’t wash your hands (fecal-oral route)
- VERY UNLIKELY it will transmit outdoors: an infected person would have to sneeze in your face!

## **WHAT WE DO KNOW:**

- CDC, WHO, and other health agencies have conflicts of interest.
- Good treatments are available for Covid-19, including Zinc, Ivermectin, Hydroxychloroquine, Azithromycin, Monoclonal Antibodies, Convalescent Serum

- Respiratory viruses come and go, and we will see them again. Swine flu and SARS ran their course and the population developed natural herd immunity.
- **Hospitals receive thousands of federal dollars for each COVID-19 case and even more money for a COVID-19 Death. After 161 COVID-19 Admissions, a hospital can receive up to \$77,000 per case.**

## **PROTECT YOURSELF NATURALLY!**

- Take vitamin D, Vitamin C and Zinc (following recommended guidelines)
- Take prebiotics/probiotics
- Get fresh air and exercise every day
- Eat healthy and get adequate sleep
- Drink plenty of hydrating fluids
- Wash your hands often and don't touch your face!

## **WE DO OVERCOME RESPIRATORY ILLNESS!**

Humanity has always dealt with respiratory illnesses by the natural development of herd immunity.

Most current cases of Covid-19 in [Enter State Here](#) State are from ages **## - ##**; many of these individuals are young, healthy and Asymptomatic for Covid-19.

By ignoring the importance of herd immunity, we have increased Covid-19 deaths, but also more deaths from Economic Loss, Depression, Suicide, reduced medical treatment for other illnesses, plus other issues caused by the lockdowns, **NOT THE VIRUS.**

These **FACTS** were researched and summarized by a local microbiologist. Selected references are included for verification. **Constitutional Law Group has done the research for Snohomish County Washington. Please research your county/state and enter the info/data/facts along with the links to support your research. Once entered, delete any info/links for Snohomish County Washington in red font.**
