Important information! The TGA uses adverse event reports to identify when a [safety issue](http://www.tga.gov.au/safety/daen-safety-monitoring.htm) (<http://www.tga.gov.au/safety/daen-safety-monitoring.htm>) may be present.

- An adverse event report does **not** mean that the medicine is the [cause](http://www.tga.gov.au/safety/daen-about.htm#causality) (<http://www.tga.gov.au/safety/daen-about.htm#causality>) of the adverse event.
- If you are experiencing an adverse event, or think you may be experiencing one, please **seek advice** from a health professional (<http://www.healthdirect.org.au/>) as soon as possible.
- The TGA strongly advises people taking prescription medicines **not** to change their medication regime without prior consultation with a [health professional](http://www.healthdirect.org.au/) (<http://www.healthdirect.org.au/>) .

4 medicines selected between 01/10/2021 - 21/10/2021.

23 MedDRA Reaction Terms selected.

Important information on the Database of Adverse Event Notifications - medicines

About the Database of Adverse Event Notifications (DAEN) - medicines

- The DAEN - medicines contains information from reports of adverse events that the TGA has received in relation to medicines including vaccines used in Australia.
- The DAEN - medicines does not contain all known safety information about a particular medicine. Please do not make an assessment about the safety of a medicine based on the information in the DAEN - medicines.

The TGA medicine safety monitoring program

More information about the DAEN - medicines and the TGA medicines safety monitoring program is available at:

- [About the DAEN - medicines](http://www.tga.gov.au/safety/daen-about.htm) (<http://www.tga.gov.au/safety/daen-about.htm>)
- [Medicines safety](http://www.tga.gov.au/safety/information-medicines.htm) (<http://www.tga.gov.au/safety/information-medicines.htm>)

You are encouraged to report an adverse event suspected of being related to a medicine used in Australia. Reports of adverse events in relation to medicines and vaccines can be reported using the ['blue card' reporting form](http://www.tga.gov.au/safety/problem.htm) (<http://www.tga.gov.au/safety/problem.htm>), [by phone](http://www.tga.gov.au/safety/problem.htm) (<http://www.tga.gov.au/safety/problem.htm>) and [online](http://www.tga.gov.au/safety/problem.htm) (<http://www.tga.gov.au/safety/problem.htm>).

Other useful sources of information on Australian medicines

More information about a medicine is available from the [Product Information \(PI\)](http://www.tga.gov.au/hp/information-medicines-pi.htm) (<http://www.tga.gov.au/hp/information-medicines-pi.htm>) and [Consumer Medicine Information \(CMI\)](http://www.tga.gov.au/consumers/information-medicines-cmi.htm) (<http://www.tga.gov.au/consumers/information-medicines-cmi.htm>) leaflet or the labelling of the medicine. [Australian Public Assessment Report for Prescription Medicines \(AusPARs\)](http://www.tga.gov.au/industry/pm-auspar.htm) (<http://www.tga.gov.au/industry/pm-auspar.htm>) for some prescription medicines, are also available from the [TGA website](http://www.tga.gov.au) (<http://www.tga.gov.au>).

Your health professional can also provide help and assistance on how to use medicines.

Information on medicines used in Australia is available from [NPS MedicineWise](http://www.nps.org.au) (<http://www.nps.org.au>).
